#CollegeTrends: What is changing in the world of admissions, and how it is impacting our students

1. What are some of the most significant **changes** to college admissions over the past few years?
2. Why have there been **so many** changes? What have been the biggest causes?
3. What's the **average number** of schools kids are applying to now-a-days?
4. How significantly have **admissions rates** at many universities changed in the past few years?
5. What are some things your teen can do to **increase** their chances of getting in?
